### Overview of Caxton

Caxton Community Legal Centre's purpose is to promote and protect human rights in Queensland through access to justice. Caxton provides accessible legal information so people know their rights and can prevent or respond to legal problems. Prioritising those who experience disadvantage, trauma and marginalization, Caxton provides free, high-quality legal assistance and social supports. Caxton advocates for reform to unfair laws, policies and systems. Working collaboratively with volunteers and community partners, Caxton reaches underserved populations. We do all of this to create a more just and inclusive Queensland.

### Our values

Caxton approaches people and its work in the community with a commitment to:

- Accountability and Responsibility - going above and beyond what is expected
- Compassion and Empathy - showing our genuine concern for others
- Respect – valuing all people no matter what
- Integrity - saying and doing the right thing
- Collaboration - believing in the power of working with others

### Primary purpose of the role

This is an identified role focused on engagement with older Aboriginal and Torres Strait Islander peoples, their communities and organisations who support them. The role is a member of the Elder Law Team and works in the Seniors Legal and Support Service (SLASS) which provides case managed legal assistance, social support and community engagement activities across the Greater Brisbane Region to assist older people experiencing or at risk of experiencing elder abuse<sup>1</sup>. The role is performed mainly in the Logan-Beaudesert area.

<sup>1</sup> 'Elder abuse' is the term used by the Department of Seniors, Disability and Aboriginal and Torres Strait Islander Partnerships to describe acts occurring within a relationship of trust, which harm an older person. Such relationships may include those that older persons have with their adult children, spouses, carers or health professionals. Elder abuse can be of a physical, sexual, financial, psychological, or social nature and can also include neglect and cultural abuse.

## **Key accountabilities**

1. Identify, engage, consult and collaborate with key Aboriginal and Torres Strait Islander individuals, organisations, groups, and networks, as well as health, aged care and community providers in the Logan-Beaudesert areas to increase access to the Seniors Legal and Support Service and other appropriate programs delivered by Caxton.
2. Participate in the ongoing development and implementation of appropriate strategies to enhance access to the Seniors Legal and Support Service, or other Caxton services as needed, and ensure the services/activities are delivered in a culturally appropriate manner.
3. Provide information, referrals, and case managed social supports/advocacy to older Aboriginal and Torres Strait Islander individual community members and their communities as part of the Seniors Legal and Support Service.
4. Contribute to Caxton's First Nations Plan and its activities. Together with other staff and volunteers, help to ensure that Caxton is culturally sensitive, safe, and welcoming to Aboriginal and Torres Strait Islander peoples and communities.
5. Identify emerging issues associated with preventing and responding to older Aboriginal and Torres Strait Islander people at risk of or experiencing elder abuse.
6. Contribute to the development of resources and deliver training/community engagement activities to raise awareness of elder abuse in First Nations communities. Give older First Nations people opportunities to be consulted on and guide the design and delivery of services that will address elder abuse in their communities.

## **Key challenges**

- Engaging with First Nations older people and communities who may have low awareness of the risks and impacts of elder abuse and with limited research/knowledge on what works to prevent and respond to elder abuse in First Nations communities
- Promoting an understanding of the needs of First Nations older people who experience elder abuse within an environment of structural barriers, service flaws and discriminatory systems/practices
- Delivering the role within a non-Indigenous led organization

## **Key opportunities**

To gain a strengthened human rights practice framework by working with a team of social support workers and lawyers in a specialist area where the human rights of older people are promoted and protected.
